Notes

Why Creation Evangelism

What is evangelism? Preaching the gospel, making disciples, teaching to obey all Christ commanded. Matthew 28:18–20

Why evangelism? People need the Lord, and they need information (to hear the Word of God) so they can believe. They need a 'preacher'. Romans 10:8–15

Why **Creation** Evangelism? People need to understand the foundation. Evolution 'science' destroys the Gospel foundation.

The apostle Paul used creation evangelism with the Gentiles: Acts 14:8–17 & 17:22–34.
