

# LOOKING FOR UNIQUE, DYNAMIC SPEAKERS FOR YOUR CAMP?

Through fast-paced, colourful, **PowerPoint** presentations, interactive Q&A sessions and practical, Biblical teaching, young and old alike will be equipped, enlightened and enabled with the truth of God's word!

## ***Creation Ministries International***

(the producers of *Creation* magazine) has four speakers available for summer camps in Canada.

CMI speakers cover exciting topics from a 'Bible first' perspective, topics that most Christians have questions about:

- where dinosaurs fit into the Bible
- the latest scientific evidence for creation
- Noah's flood

These information-rich teaching sessions will be discussed by campers for years to come.

CMI speakers are available for weekend or week long events. Great for junior/senior youth and family camps! A selection of quality books and DVDs will also be available.
